

Animals have played a large part in my life. I have always had dogs as companions in my home and have worked and volunteered with rescue organizations in the past. I am a Certified Obedience Trainer as well as a Natural Health Consultant for Pets. When I thought of providing a boarding service, I wanted it to be that "over the top place" that made your pet feel happy and comfortable ... like they are at home.

Our rural setting provides a safe and relaxing environment for your pet, an environment full of outdoor opportunities, sounds, smells and woodland trail systems.

Our proximity to town is an added convenience for you! While staying at Ruff N' Tumble your pet can be pampered with a therapeutic stress reducing massage and aromatherapy treatments. Whether you need overnight accommodation or daycare for your dog, we would be happy to provide that little extra love they deserve.

Aromatherapy is used throughout our facility in cleaning and pet products creating a relaxing, healthy environment for our canine guests as well as our staff and human visitors.

Our trained professionals will do their best to ensure your pet has a healthy and happy stay with us!
